McDermott 12-5A Defy Carbon Fiber Shaft

Introducing Defy — a shaft that defies the stereotype of carbon fiber shafts.

Details

Specifications

Defy gives you the unparalleled accuracy and control that you expect from carbon fiber, but uses state-of-the-art technologies to shatter its limitations. SmacWrap, originally designed for the aerospace industry, absorbs vibration and dampens noise resulting in a confident hit with a soft feel and quiet sound. Our super-smooth coating reduces friction, allowing the shaft to glide through your fingers with ease like a wood shaft. Only Defy's insane energy transfer and accuracy will remind you that you're using a carbon fiber shaft.

Navigator Automatic tips feature pure Japanese pigskin leather with no artificial coloring added. Each tip goes through a month-long manufacturing process that seals in the ideal qualities of the leather, providing a softer, more consistent hit with almost no deformation.

3/8"-10 (.855" joint diameter)

McDermott Lifetime Warranty against warpage and defects

McDermott's Lifetime Warranty applies only to the original purchaser/owner of the cue and must be purchased from an authorized McDermott dealer. McDermott Cue warrants its pool cues to be free of defects in material and workmanship, including warpage, for as long as the product is owned by the original purchaser/owner.

McDermott does not warrant its product against:

- normal wear and tear including tip, finish, wrap, and bumper;
- misuse, abuse or mishandling;
- modification or improper maintenance performed by third parties or
- damage caused by exposure to extreme temperature or humidity

All warranty claims must include the complete cue and are subject to evaluation at our facility prior to approval. Products that do not qualify for the McDermott Lifetime Warranty can be serviced by McDermott for a fee. To obtain warranty service on a McDermott product, return the product to an authorized McDermott dealer or directly to McDermott along with a copy of your original sales receipt
